“ I remember having her in 7th grade for my science class in vista magnet, she would tell her stories to the class and she would tell us about many things, one amazing thing that Mrs. Blocker told me was that I am going to make it far and that I shouldn't listen to my other middle school teachers, she is the reason I am here cause she believed in me, Best Teacher Ever 🙏 prayers for Jeannene Blocker

Love you so much. I hope you're OK. If you need to talk, you can always reach out to me. We've been best friends for 25 years.

She had me at "Hello." Her strong presence, military bearing, and quick wit was immediately recognizable. We were fast friends and I was part of the team that advocated for her hire as a teacher. I wanted our students to benefit from her excellence - and they did. She will be missed by many and is in my prayers. Respectfully, Andrews
